**SUPPLEMENTARY INFORMATION:****Background**

On October 28, 1997, the Animal and Plant Health Inspection Service (APHIS) published a final rule in the **Federal Register** (62 FR 56000-56026, Docket No. 94-106-9) that establishes procedures and a regulatory framework for recognizing regions, rather than only countries, for the purpose of importing animals and animal products into the United States. The final rule also establishes procedures by which regions may request permission to export animals and animal products to the United States under specified conditions, based on the regions' disease status. The final rule is scheduled to become effective on November 28, 1997. A notice published in the same issue of the **Federal Register** (62 FR 56027-56033, Docket No. 94-106-8) sets forth our policy on

regionalization. The policy statement and regulations are in accordance with international trade agreements entered into by the United States.

The public meeting on November 21, 1997, in Riverdale, MD, will provide an opportunity for APHIS to discuss its plans for implementing the final rule and policy on regionalization. All interested persons are invited to attend.

Done in Washington, DC, this 5th day of November 1997.

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****14 CFR Part 39****[Docket No. 97-CE-87-AD; Amendment 39-10193; AD 97-23-05]****RIN 2120-AA64****Airworthiness Directives; Avions Pierre Robin Model R3000 Airplanes****AGENCY:** Federal Aviation Administration, DOT.**ACTION:** Final rule; request for comments.

**SUMMARY:** This amendment adopts a new airworthiness directive (AD) that applies to all Avions Pierre Robin Model R3000 airplanes. This AD requires replacing the attachment bolt between the pitch control cables and control column lever with a bolt of improved design. This AD is the result of mandatory continued airworthiness information (MCAI) issued by the airworthiness authority for France. The actions specified in this AD are intended to prevent the pitch control cables on the control column from becoming jammed due to failure of the attachment bolt, which could result in a reduction in the directional controllability of the airplane.

**DATES:** Effective December 1, 1997.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of December 1, 1997.

Comments for inclusion in the Rules Docket must be received on or before December 8, 1997.

**ADDRESSES:** Submit comments in triplicate to the Federal Aviation Administration (FAA), Central Region, Office of the Regional Counsel, Attention: Rules Docket 97-CE-87-AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.
